Maximize Your Potential.

Imagine! Everything you need to make your next tradeshow or presentation a resounding success is now available in one package.

Portability.

ShowMax sets up in less than a minute, with no cases or padding materials to put away afterwards. No more waiting around for cases after the show! Graphics

can remain inside for transport, so they are ready to show when you open the display. Large exhibition halls seem smaller when you are cruising on in-line skate wheels.

Utility. Molded-in pull bar and innovative, self-retracting handle gives you more comfortable accessibility from any position. Save money on accessories. Standard equipment includes: (2) 50w LumaStar Halogen Lights, arched header, and molded-in

storage compartments for literature. ShowMax panels are designed to lock together, creating an exterior protective shell, eliminating the need for extra shipping cases.

Durability. ShowMax features blow-molded, double-wall reinforced polyethylene panels

joined by co-extruded hinges. After you fold up ShowMax, Franzen precision lockable latches are on the job to keep your presentation safe and sound until the next show. Project a more professional image and get a better response for your tradeshow dollars with this innovative tabletop display from EXPOGO!

SMU-1836 ShowMax Tabletop Display

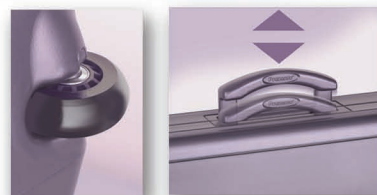

Suggested Retail **\$995**

Includes: Two 50w halogen lights and arched header
Panel Size: 18" w x 36" h
Flat Dimensions: 72" w x 36" h
Weight: 39 lbs. Ship/Dim Wt. 44 lbs.

ShowMax has an overall display area of 72" x 36". Actual weight is 39 lbs. Ship/Dim weight is 44 lbs. To create a full mural image, trim four graphic panels to 35 7/8" x 18 1/2".

The ShowMax below is shown on a TranZibit Portable Table with KeyStone SmartSkirt at 39" height.

In-line skate wheels with sealed bearings reduce friction to make pulling easier. Handle grip retracts automatically.

BAG-1836 ShowMax Travel Bag
